Art Unit:

Title:

ILLUMINATING WEATHERSEAL

## PRELIMINARY AMENDMENT

Commissioner of Patents and Trademarks Washington, D.C. 20231

Sir:

Prior to substantive examination of the application, please amend the application as follows:

## In the Claims:

- 1. (Once Amended) An illuminating weatherseal for sealing a gap intermediate two confronting surfaces, the confronting surfaces moveable between a spaced apart open position and an adjacent closed position, the weatherseal, comprising:
- (a) an elongate elastomeric body selected to attach to one of the confronting surfaces, the elastomeric body including a scaling portion being spaced from a remaining confronting surface in the open position of the confronting surfaces and contacting the remaining confronting surface in the closed position of the confronting surfaces, the elastomeric body including a scating channel extending along a longitudinal dimension of the elastomeric body; and
  - (b) a light line disposed in the seating channel.
- 2. The weatherseal of Claim 1, wherein the light line emits light along a path defining a non zero angle with the longitudinal dimension.
- 3. The weatherseal of Claim 1, wherein the elastomeric body includes a carrier portion.
- 4. The weatherseal of Claim 3, wherein the carrier portion includes a reinforcing member.
